MESSAGE FROM THE CEO

At FAV Group of Companies, we are driven by a passion for innovation, excellence, and customer satisfaction. Over the years, we have built a legacy of trust by delivering high-quality solutions across diverse industries. From textile chemicals, pigments, and masterbatches to printing technologies, industrial equipment, security systems, and confectionery manufacturing, we bring a comprehensive range of products and services under one roof.

Our commitment extends beyond just providing products—we aim to create value, enhance efficiency, and drive sustainable growth for our customers. With state-of-the-art manufacturing facilities, a skilled team, and a customer-centric approach, we continue to push the boundaries of quality and innovation. Whether it's advanced machinery, energy solutions, office and storage equipment, or expert repair and servicing, FAV Group is your trusted partner in progress.

We take pride in building long-term relationships with our customers, suppliers, and business partners. As we expand our global reach, we remain committed to integrity, sustainability, and technological advancement—ensuring that we not only meet but exceed industry standards.

Thank you for your continued trust in FAV Group of Companies. Together, let's shape a future of success, growth, and limitless possibilities.

Farid Ahmed Vawda (CEO)
FAV Group of Companies

INTRODUCTION & OVERVIEW

FAV Group of Companies is one of the leading local providers of dyes and chemicals to textile industries. As one of the subsidiaries of the FAV Group of Companies, FAV Plastico (Pvt.) Limited deals in high-quality resins and masterbatches for manufacturing plastics. A sister company of the FAV Group of Companies is Veechem Industries (Pvt.) Limited which provides materials and auxiliaries for textile printing applications. Both of these organizations are fueled by continuous innovation and a dedication to unassailable quality and service, along with the safety of the people and the environment. Following our motto "Right the first time", we provide our customers with outclass products and services to meet their expectations in all regards. We as a team are strongly committed to our strategic goals of supplying more reliable and efficient products to our customers. Our state-of-the-art laboratory is well-equipped with the latest machines from renowned international manufacturers, which include but are not limited to, Datacolor SF600+, Dispensing Unit, IR Dyeing Machines, Hi-Temperature Dyeing Machines along with a wide range of testing equipment to perform all quality tests inhouse. The laboratory performs extensive research on each product before and after production. Our R&D department keeps an eye on the current market trends to update the team on production and innovation. We have highly professional teams that work collaboratively on different projects to fulfill the needs of our clients and we try our best to keep our clients aware of the latest advancements and provide them with the best products and counsel. We are constantly reimagining the technology and challenging the status quo. On the path from the idea to the finished product, we keep ourselves open to new ideas and think outside the box to approach developments from different perspectives. The FAV Group of Companies stands out due to its quality, reliability, and innovation. We ensure that our clients are always satisfied with our products, as proven by our ISO 9001-2015 QMS Certification and accreditation by the Bureau Veritas Certification.

MISSION

Our mission is to provide innovative and solution-oriented products independently with supportive technical services to various industries on economical parameter with a shared sense of purpose, expertise and professional approach.

We strongly believe in operational excellence with principles of technological leadership, true commitment, sustainability and high efficiency. Keeping in mind, all these factors, we aim to grow and expand our business with more value addition to the local industries. We are dedicated to providing the best quality products with new and creative ideas under ISO standards. One of our main goals is to increase our market share in the Pakistani market at large.

VISION

We are inclined towards working collaboratively for mutual goodwill, growth and prosperity without compromising on the qualities for sustained profitability. At present, our vision is to serve the textile, plastic and electronics industry with innovative and technologically advanced products. We believe in long-term, sustainable growth which is suitable for our environment and industry as a whole. In the development of our technologies, we consider it as our responsibility to provide value added products and maintain higher quality standards. In order to maintain customer engagement and link customer oriented core values with principles, we believe in a “RIGHT FIRST TIME“ approach.

QUALITY POLICY

FAV Group of Companies offers leading technologies for an economic and valuable production at a high level of quality. We offer clients our professional knowledge gained from over 41 years of qualified experience in the industry, planning and developing the products of tomorrow.

We value all our customers and never compromise on our quality standards.

FAV Group of Companies strives for a higher level of excellence in all aspects of business by producing products of highest quality for our customers. We diligently follow all the mandatory requirements of ISO 9001-2015 QMS and implement the best business practices in all units. We believe in developing strong and enduring customer relationship and adopt a “Right First Time” approach. We work collaboratively as a dedicated team which prioritizes to meet clients’ expectations and provide high quality standard products.

We work systematically at all levels to maintain transparency and quality everywhere. We make sure all our management practices are conducted as per the international quality standards. We trust that our clients believe in us and we continue to provide them with the best quality products.

- Energy Solutions

TEXTILE DYES & CHEMICALS

FAV Group of Companies is a leading supplier for textile dyestuffs & chemicals since the last 41 years with the help of high profile and reliable suppliers. We offer complete solution of high quality products in all segments of textile wet processing.

SIZING

FAV Group of Companies assist their customers in identifying the best possible solution to increase their efficiency while keeping costs low throughout the production chain, from the recipe preparation till the weaving process. We are providing a wide range of sizing which include: After Warping waxing agents, PVA replacers, Acrylics, Softeners, Waxes and After waxing agents.

AUXILIARIES

We are offering a complete assortment of textile auxiliaries. we have a complete range for pre-treatment, dyeing, printing and finishing textiles. Our product profile consists of Knitting oils, Enzymes, Sequesters, Wetting agents, Dispersing agents, Peroxide killers, Stabilizers, De-foamers, Levelers, Washing off, Fixing agents, Anti-migration etc.

DYESTUFFS

Dyes are used for natural fibers, synthetic fibers, papers, leathers and many other applications. FAV Group of Companies has a complete range of REACTIVE (normal, deep /dark shades, high light fast, high washing fast & chlorine fast), DIRECT, ACID, DISPERSE & VAT dyestuffs.

PRINTING INKS

We have a wide range of printing products for water base & plastisol applications i.e. Rubber paste (White & Clear), Binders Metallic Series (gold, silver & pearl), Foil paste, Puff paste, Anti-migration, fluorescent pigment inks.

OPTICAL BRIGHTENER

Our OBA's are usually added in bleached textiles to increase the whiteness or brightness; OBA converts ultra violet radiation into visible light thus white appears more whiter. We have a wide range of Optical Brighteners for Cotton, Rayon, Polyester,T/C, T/R, Nylon, Polyamide, Wool, Silk, Acrylic.

FINISH & SPECIAL FINISHES

We have a wide range of finishing chemicals, which includes Silicone oils, Hydrophilic block silicones, Micro emulsions, Macro emulsions, Nonionic flakes, Cationic flakes, PE emulsion, Water & oil Repellent finishes, Moisture management, Rubbing improver, Light fastness improver, Chlorine fastness improver, Anti-pilling etc.

FAV Plastico (Pvt.) Ltd

FAV Plastico (Pvt.) Ltd is one of the leading masterbatch manufacturer in Pakistan since 2009. We have been providing quality products in various sectors of the plastic industry. We have developed great relations with our customers throughout this journey towards success and so far we have built a strong base with the help of our customer's trust and faith. Our company's first priority is to deliver standard product as per customer requirement. We have a team of qualified professionals to meet demands on time so that our valued customers are content and satisfied with our services. FAV Plastico is focused on international standards and applications as well as tailored masterbatches as per individual customer requirements.

SOLID MASTERBATCHES

Our Company has developed standard masterbatches such as:

+ White Masterbatch.
+ Black Masterbatch.
+ Color Masterbatch.
+ Additive Masterbatch.

We are also producing and supplying Masterbatches as per customer requirments.

+ PVC Masterbatch.
+ Special Effect Masterbatch.
+ Flourescent (neon) Masterbatch.
+ Liquid Masterbatch.
+ Engineering Masterbatch.

FAVIAN LIQUID MASTERBATCHES

Liquid colour concentrates, also known as liquid masterbatches or liquid colourants, are made up of pigments and additives dispersed in a liquid carrier that are mixed into plastics to impart colour. Liquid colourants offer several advantages over solid colourants including:

+ Faster colour development, improved colour dispersion and consistency.
+ Lower energy consumption during production.
+ Being ideal for transparent and dilute shades.
+ Particular suitability for PET due to low addition rates.
+ Being less equipment-intensive compatibility with a broader range of polymers.

Veechem Industries (Pvt.) Ltd

Veechem Industries (Pvt.) Limited is a sister company of FAV Group of Companies.Veechem Industries (Pvt.) Limited functions as a manufacturer of an entire range of products for Textile & Leather. It offers complete packages of high quality pigment powders, pigment emulsions and auxiliaries for all fields of textile applications. With our state-of-the-art equipment for pigment emulsions and recent innovations introduced in printing product and process solutions, we have excelled in the Pakistan textile market. Our team confirms its focus on customer needs as well as its strong commitment to economic and ecological reliability and sustainability.

PIGMENT POWDER & EMULSION

Veechem Industries (Pvt) Ltd is a leading manufacturer of pigments in Pakistan. We are the only company in Pakistan that is both, backward and forward integrated. We produce a complete range of pigment powder and pigment dispersions. We have the complete range of organic pigments as well as the phthalocyanine range.

TEXTILE AUXILIARIES

Veechem Industry functions as formulator and standardization of entire range of products for Textile Leather & Paint Industry.

VEECHEM INDUSTRY OFFERS:

+ Sizing Products
+ Pretreatment Chemicals
+ Wetting Agents
+ Detergents
+ Defoamers
+ Dyeing Auxiliaries
+ Finishing Chemicals
+ Printing Auxiliaries

FAVO PAINTS

The company has met the growing demand of its huge industry through steady development of its product range, distemper emulsion paint, oil paint, semi plastic emulsion paint and flame retardant paint.

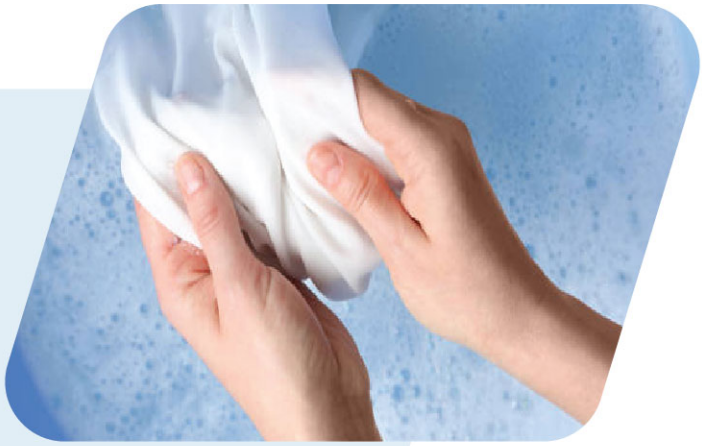

FAVO RADIATOR COOLANT

Veechem Industries (PVT) Ltd is developed in our R&D laboratory of Engine Radiator Coolant typically based of Organic Additive Technology (OAT), Anti-boil, Anti-corrosion, and Anti-fouling. It does not need to be diluted; it is ready to use.

FAVO HOUSEHOLD PRODUCTS

Veechem Industries (Pvt.) Ltd. is promoting sustainable household products like Liquid Hand Wash, Toilet Cleaners, Liquid Lemon Dish Wash, Organic Hand Sanitizer Gel, and Premium Liquid Detergent, as well as a circular color for household system.
